

Hi everyone,

We hope that you enjoyed the unusual Easter break. We hope that everybody is safe & well. That is the number one priority at the moment.

Below is a table with work for the week April 20th-24th. Following feedback from parents, we have laid it out in a day-to-day format. We are hoping that this may help provide a bit of structure and can be used as a guide for parents. There is no pressure to complete all of this work as we know people are currently in difficult situations.

In addition to the table with the Junior Infant work there will also be a 'themed' list given to you each week. This is a list of ideas made by class teachers, which give ideas based on one topic. There will be a range of ideas suitable for Junior Infants to 6th class. This week's theme is 'Houses & Homes'. Feel free to try some ideas. These will be attached below the table.

There will also be a copy of this week's nursery rhyme below the table.

We have new email addresses set up for parental contact. Feel free to contact us with any concerns, queries or questions. We would also be delighted to see photos or videos of our girls showing off any of their work!

This Little Piggy

This little piggy went to market,

This little piggy stayed home,

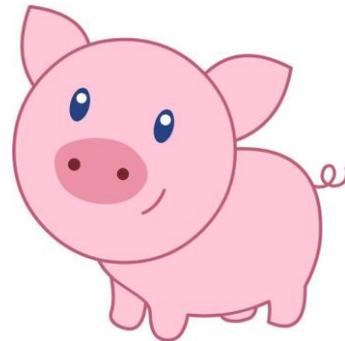

This little piggy had roast beef,

This little piggy had none.

This little piggy went....

Wee, wee, wee,

All the way home!
