For all my aspiring vets and veterinary nurses!

Watch the clip **Vet Ranch** on youtube about the adorable dog Evan and then get an adult to ask you the questions on the left.

Hot seat:

Now pretend you were the driver who knocked down Evan.

Get an adult to interview you. They might ask you:

- What happened?
- What would you do differently?

- Discuss animal cruelty and the amazing work done by the ISPCA and vets around the country.
- You could also look up how to become a vet or a veterinary nurse in UCD.

Car Hit Him and Didn't Even Stop

A good Samaritan witnessed this pup getting hit by a car. The driver, surely aware of what had happened, did not stop. Thankfully he was alive and shortly brought to us at Vet Ranch. He turned out to be a pretty awesome little dog! Vet Ranch Shirts!!! <http://www.magpul.com/vetranch> If you are interested in helping with animals in the future ...
